

ASSEMBLY INSTRUCTIONS FOR YOUR

**Jonathan Adler
BRISTOL EASEL FLOOR LAMP**

SAFETY INSTRUCTIONS:

- * This lamp comes with a polarized plug as a feature to reduce the risk of electrical shock. If the plug does not fit into your outlet, contact a licensed electrician.
- * NEVER alter the plug.
- * Remove plug from wall outlet before replacing light bulb.
- * Do not connect the electricity until lamp is fully assembled.

ASSEMBLY INSTRUCTIONS:

1. Unpack all parts and place them on a level surface.
2. Align column (J) with column (L). Thread column (J) onto threaded tube (K). Pull cord taught from below column (L) to prevent damage to wire. Turn until hand tight.
3. Align column (L) with holes in center of plate (N) and base (O).
4. Place threaded tube (M) through holes in center of plate (N) and base (O). Pull cord taught from below base (O) to prevent damage to wire.
5. Slide washer (P) and washer (R) onto threaded tube (M). Thread nut (S) onto threaded tube (M) and tighten with wrench (T).
6. Carefully turn lamp back into upright position.
7. Insert one (1) 60W MAX. B11 Medium base bulb into socket located inside shade (E).
8. Remove protective plastic (U) from polarized plug (Q). Insert polarized plug (Q) into wall outlet.
9. To adjust position of shade (E), loosen turn knobs (A) and (F). Carefully move arms (C) and (D) into desired position. Tighten turn knobs (A) and (F) to secure position of shade (E).
10. To adjust height of clamp (H), loosen turn knob (I). Carefully slide clamp (H) up and down column (J), into desired position. Tighten turn knob (I) to secure position of clamp. Repeat steps for remaining clamp.
11. To adjust depth of clamp (H), loosen turn knob (G). Carefully slide clamp (H) into desired position. Tighten turn knob (G) to secure position of clamp. Repeat steps for remaining clamp.
12. Use switch (B) to control power to lamp.

*** To clean, use a soft cloth only. Do not use any chemical or abrasive cleaners. ***
